

Committees of Interest

Would you consider joining a committee?
The various committees within REP are vital to keep the Society running smoothly.
It's a great way to meet new friends!
Please note that some committees have limited spaces available.

I would like to be involved in the following committee(s):

- Front of House (FOH):** The FOH Committee help to provide the best service to our patrons, as our FOH volunteers are often the first and only "face of REP" they see. This committee oversees training for FOH volunteers and organises FOH coordinators for each production.
- Social:** The Social Committee organises and plans social events such as the Christmas Party and Annual Dinner; and oversees the catering sub-committee.
- STUDIO:** REP STUDIO is an arm of REP designed to offer opportunities for our new or inexperienced members to attend workshops, seminars or put on small productions. It's also an avenue for more established members who don't have the time to commit to a main-stage production to keep up their skills.
- Technical / Systems:** The Technical/Systems Committee looks after the maintenance of all of Theatre 3's equipment, the general maintenance of the premises, and the IT side of REP. Members with particular expertise or licensing in areas such as electrics, plumbing, carpentry, building, gardening, IT, or 'jack-of-all-trades' are welcome additions to our Technical/Systems committee.
- Wardrobe & Props:** The Wardrobe & Props Committee maintains our massive store of costumes, shoes, accessories, props and material for use in our productions. The members of the Wardrobe & Props Committee ensure the wardrobe and props stores continue to run smoothly and are looked after.
- Social Media & Marketing:** The Social Media & Marketing Committee organises and plans the social media presence of REP promoting our productions and activities. This committee also contributes towards the direct promotion of productions and activities to all forms of media.

- Credit Card:
- Visa | Mastercard
- Card Number
- Expiry Date (MM/YY) CCV #
- Cardholder Name
- Cardholder Signature

Information on Rep

As a member of REP you can participate in a wide range of activities, some of which require specialised skills. There are experienced members in each area who will be happy to provide training and assistance to those interested.

Acting

REP provides acting opportunities at all levels, from our main stage productions to smaller STUDIO productions. All main stage and often STUDIO productions are cast by open audition.

Costume Design/Sewing (Wardrobe)

Wardrobe includes the design, construction, and maintenance of costumes for REP productions. Dressmaking skills of any level are welcome.

Directing

Directors for REP shows are selected by Council at the beginning of each season. If you are new to REP, a CV outlining your experience and/or training is required to assist Council's selection.

Front of House (FOH)

FOH volunteers are the first point of contact with the audience. Duties include running the bar, ushering, and selling tickets or programs. Selecting this area of interest includes membership on the FOH email distribution list.

General Maintenance

REP has to maintain the Theatre 3 building and its fixtures. Several times a year a Company day is held to tackle various maintenance projects. These are run under the watchful eye of REP's Technical Committee members and everyone is encouraged to come and lend a hand.

Lighting/Sound Design and Operation

The Lighting/Sound crew work to design, rig and operate the lighting and sound for shows. These are specialised areas but there are plenty of opportunities for you to gain experience as a trainee on productions.

Production Management

The Production Manager is an integral part of the production team, overseeing all aspects of the production from audition to the final bumping out.

Props Team

The Props Team is responsible for acquiring all the 'properties' or bits and pieces used on stage during a show and ensuring the right thing is in the right place. The Props Team is also responsible for the care and maintenance of all props.

Set Design/Construction

REP is one of the few theatre companies which builds working sets for each production. You can realise your own set design and work with experienced set coordinators as mentors if you are inexperienced.

Lots of jobs here for those with willing hands—if you can wield a hammer or a paint brush, you can be involved. And if you can't here is your chance to learn!

Stage Management and Backstage Crew

Stage Managers and their teams are responsible for ensuring that each show runs smoothly. Opportunities exist to work as part of a backstage crew, or in stage management
